

**HCBS Settings Rule  
OAS Provider Self-Assessment and Participant Survey Crosswalk**

	<b>DOMAIN</b>	<b>SELF-ASSESSMENT QUESTION</b>	<b>PARTICIPANT SURVEY QUESTION</b>
1	Individual Choice	Does the setting post or provide information to individuals about how they may request changes to their current services?	Does staff at your Adult Day Health Care (ADHC) center give you information or tell you how you can request changes to your services?
2	Community Integration	Does the setting make materials and/or resources available to its participants to increase awareness of activities occurring outside of the setting?	Do you ever hear about any community activities or events while at your ADHC (i.e. do staff talk to you about these or is there information or resources posted)?
3	Community Integration	Are individuals, within reason, able to come and go at any time (e.g. can a family member check them out during the day)?	Does your ADHC center allow you to leave during the day if you need to (i.e. can a family member check you out)?
4	Community Integration	Does the setting encourage visitors or other people from the greater community (aside from paid staff) to be present, and is there evidence that visitors have been present at regular frequencies?	Do you ever have visitors (family or friends) or people from your community visit your ADHC center?
5	Rights and Privacy	Does the setting assure that staff interact and communicate with individuals respectfully and in a manner in which the person would like to be addressed, while providing assistance during the regular course of daily activities?	While at your ADHC center, do the people that help you treat you with respect and speak to you in a kind and respectful manner?
6	Rights and Privacy	Does the setting offer a secure place for the individual to store personal belongings?	Does your ADHC center have a secure place where you can store your personal belongings?
7	Individual Autonomy and Independence	Does the physical environment support a variety of individual goals and needs (for example, does the setting provide indoor and outdoor gathering spaces; does the setting provide for larger group activities; does the setting provide for stimulating as well as calming activities)?	Does your ADHC center offer a variety of activities throughout the day and allow you to visit different parts of the center? For example, does the setting provide indoor and outdoor gathering spaces or does the setting provide for larger group activities as well as activities you can do alone?
8	Individual Autonomy and Independence	Does the setting afford opportunities for participants to choose with whom to do activities (i.e. their interaction is not restricted to a certain group of people)?	Do you get opportunities to choose who you socialize or participate in activities with while at your ADHC center?
9	Individual Autonomy and Independence	Does the setting allow for individuals to have a meal/ snacks at the time and place of their choosing? For instance, does the setting afford individuals full access to a dining area with comfortable seating and opportunity to converse with others during break or meal times, afford dignity to the diners (i.e., individuals are treated age-appropriately and not required to wear bibs)?	During meal or snack times at your ADHC center, can you choose where you dine and the people you dine with?
